

Photographic Consent

You may be aware that we take photographs of our children during the school day. These photographs are taken by our staff using pre-school tablets, (not personal devices) and are deleted once they have been uploaded. We use these:

- In your child's personal on-line learning journey. This records photos, observations and comments, in line with the Early Years Foundation Stage, to build up a record of your child's experiences during their time at Parkfield Montessori Pre-school.
- In our marketing materials, which tell parents and visitors about the pre-school and what we do. This includes leaflets, folders for tours and Induction materials, promotional materials and displays around the classroom;
- On our website and Social Media accounts, to illustrate articles and to show our busy children in action.
- In our newsletters, which are published on our website and printed for distribution to our pre-school community. These are as in the website and social media explanation above.

With the new laws around Data Protection (GDPR), we would like to take this opportunity to ask for your consent to process images of your child for the abovementioned purposes. This consent will last until your child leaves the pre-school and moves into the Reception Class.

You may change your mind regarding photographic consent at any time by emailing parkfieldmontessoripreschool@outlook.com or by telephoning 07534158334. You do not have to provide a reason for this.

I would be grateful if you would please indicate, using the form overleaf, if you would like to give consent for photographic images of your child to be processed by Parkfield Montessori Pre-school. Please return with your enrolment forms.

Kind Regards

Lisa Hovelmeier
